

Living Transplantation Project

Would you like to tell your kidney transplantation story?

If you are a living kidney donor or a living transplant recipient, researchers in the Department of Bioethics at Case Western Reserve University want to learn about your experiences.

If 12 months or more have passed since you became a living kidney donor or a living donor transplant recipient, and you live in the state of Ohio, you may be eligible to participate in this study.

Interviews will be scheduled at your convenience in your home, or in a quiet private location in the Department of Bioethics at Case Western Reserve University, Cleveland, Ohio.

To learn more about the project, please contact Dr. Miriam Weiss by phone
